PRECONTRACT APPROVAL RECORD
(PART TWO)

CONTRACT

GA-1853

The services and equipment being procured by this Contract No. GA-1853 are in furtherance of the 25X1A
Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

25X1A This Amendment No. 5 extends Contract GA-1853 from 3 June through 30 June 1964. This is a level of effort contract which has indicated will be required for next year in support of Headquarters technical requirements. Accordingly this extension of time only will permit the Contractor to continue to provide the technical services pending negotiation of renewal of the contract for FY-65. This time extension will not require additional money since there are sufficient hours in the current contract to carry the effort through 30 June at no additional cost to the Government.
